

ESRF USER MEETING

7-9 February
2022

The annual event dedicated to the ESRF user community, and to user science and future perspectives with the EBS

ONLINE VENUE

7 FEBRUARY

12 tutorials

Covering a wide range of theoretical and practical topics of direct interest to ESRF users

8 FEBRUARY

Plenary session day

► Keynote speakers:

Rodolphe Clérac

CNRS, Centre de Recherche Paul Pascal, Bordeaux, France

Mariagrazia Pizza

GSK Vaccines, Siena, Italy

Chloe Zubieta

LPCV, CNRS-CEA-UGA-INRAE Grenoble, France

► Special invited guest:

Valérie Masson-Delmotte

CEA senior scientist, IPSL/LSCE, Université Paris Saclay Co-Chair, IPCC WGI

► **Young Scientist Award**

► **ESRF-EBS facility report**

► **Poster session and Prizes**

► **Commercial exhibition** of synchrotron-related equipment

9 FEBRUARY

3 User-Dedicated Microsymposia

- **UDM1** - New opportunities for high pressure science at the ESRF-EBS
- **UDM2** - Ligand and fragment screening: enabling technologies for pressing threats
- **UDM3** - Perspectives in materials science and engineering: towards a digital and sustainable future

Free of charge

DEADLINES

- | | |
|------------------|---|
| 09 November 2021 | Young Scientist Award nominations |
| 05 December 2021 | User-Dedicated Microsymposia abstract submission |
| 17 January 2022 | Poster submission for Best Poster Prize contest and booklet feature |
| 02 February 2022 | Online registration |
